

Toothbrush handle

Fold on this line

_____ 's Toothbrush

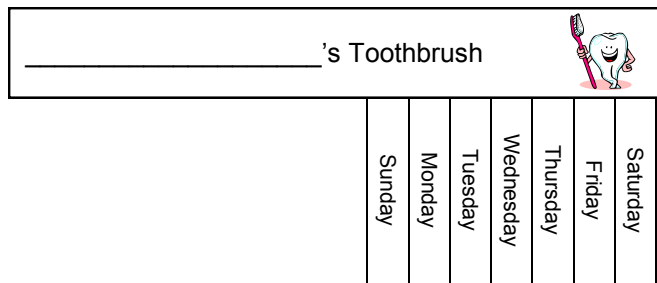

Toothbrush Incentive Chart

Cut the toothbrush handle around the outside lines. Fold on the middle line.

Cut the toothbrush bristles around the outside lines and up the lines that separate the days of the week. STOP when you get to the grey line. Do not cut this line.

Insert the marked section into the folded handle and staple or glue it in place.

Each day when a child brushes, simply tear off a bristle. Great for allowing a child to take control of their own hygiene and get into the routine of brushing their teeth each day.

Toothbrush bristles

Glue or staple this section inside the fold of the toothbrush handle

STOP AT THIS LINE - DO NOT CUT
